MiniThaw thawing unit

- Variable temperature setting from room temperature to +50°C
- Digital display of actual temperature
- Frozen straws take only about 30 seconds to thaw in the water-filled thawing chamber
- The straw lift has three compartments and allows thawing of up to 10 straws at a time (0.5 ml or 0.25 ml)
- The closed lid fits absolutely tight; no risk of leakage
- Slim, easy-to-carry design; fits in car cup holder
- Easy to handle and robust enough to last for many years in the field
- Connects to on-board 12-24 V socket and to mains 110-230 V socket via USB-C cable or adapter

MiniThaw thawing unit with USB-C cable [1]	17048/0001

Accessories
